General Information

Location – The sale will be held at the Brush Livestock Commission Company Sale Yard at Brush, Colorado.

Terms – The terms of the sale are cash unless other arrangements are made in advance with the consignors from whom you purchase. Settlements are to be made with the clerk of the sale immediately at the conclusion of the auction. All stock will be at buyer's risk as soon as bid off, but the management will attend to loading on cars or trucks in compliance with instructions from purchasers.

Health – All cattle consigned to the sale will be tested for Bang's within 30 days prior to the sale. Each individual animal will be free from T.B., either by test or from a T.B. accredited area. A certificate of vaccination will be furnished for all cattle which have been vaccinated for Bang's disease and do not show a completely negative reaction.

All cattle will be accompanied by a health certificate which will admit the cattle to any state.

Guarantee – All cattle in this sale will be sold under the standard guarantee endorsed by the American Shorthorn Breeders' Association. Certificates of registry and transfer will be furnished with each lot sold. Shipment will be made as soon as possible after the close of the sale without trouble to the purchasers, but at their risk of loss or injury.

REGAL VANGUARD — is one of the thickest, deepest bodied bulls in the west. He has a tremendous hind quarter and a wonderful head. Certainly one of the best bulls ever offered at a western association sale. He is a sure breeder and we have a crop of calves at the ranch by him that would welcome inspection. Only the purchase of imported Bapton Quality allowed us to offer him for sale.

500 head — choice yearling steers and yearling heifers — outstanding steer and heifer calves, including real show prospects for 4-H and FFA projects. Also, several loads of extra quality bred cows and heifers.

Are The Rugged, GOOD DOING KIND

Josef Winkler has produced Shorthorn feeders that have won seven grand championships over all breeds at the National Western Stock Show at Denver. At left is shown the 1953 championship load of feeder calves over all breeds from the Winkler ranch, Castle Rock, Colorado. They averaged 510 pounds and were bought at 81 cents a pound for \$413.10 a head by Henry Steele, Montgomery, Illinois.

TOP COMMERCIAL SHORTHORNS — from Colorado, Wyoming, Nebraska and Kansas herds.

The sale will start at 1:00 P.M., with single lots of calves suitable for club work selling first.

Here is a grand opportunity to buy some of the best commercial Shorthorns in the business whether you want one or a carload, and remember, Brush is located on the mainline of the CB & Q Railroad between Chicago and Denver.

KAR-LYN GOLDEN QUEEN 3d — Mated to Ashlo Jolly Sensation 2597-167, August 2, 1953, the 1952 Kansas Sale Champion Bull.

THERE ARE MANY OPPORTUNITIES NOW FOR THE PROGRESSIVE STOCKMAN

In the days of peak prices, some people said that prices were too high to go into the cattle business. If this were true, then this should be a good time to buy because whatever inflation there was in cattle prices had been pretty well taken out. The cattle business is a basic essential business. If you are going to make it your business, you will want to get into it and stay with it. Heavy marketings have whittled down any surpluses we might have had at the first of the year. With this reduced inventory and strong consumer buying power, high wages and high employment, the cattleman can fill the needs of every beef producing program, and this sale looks like the place to fill your 1953 buying needs.

7th

annual shorthorn SALE

Standard Guarantee of the American Shorthorn Breeders' Association

Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.

All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.

With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.

When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.

All animals are sold to comply with the laws regulating Tuberculosis and Bang's disease of the state or country into which they may be shipped.

Certificates of registry and transfers will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.

Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off.
